

Dear AMI Member,

As a benefit to our members, the Association of Marina Industries continues to search for and partner with companies that can offer the best products and services. AMI recently finalized an agreement with Transaction Solutions, the recognized experts in processing credit cards for petroleum-related businesses; the program brings all AMI members advanced solutions to meet your credit card processing needs, as well as guaranteed savings off of credit card fees. Transaction Solutions provides services for accepting all major credit, debit, and fleet cards including Visa, MasterCard, American Express, Discover, Debit, Wright Express, Voyager (Government GSA Card), and others.

Many of our members have already begun to take advantage of Transaction Solutions' services.

Transaction Solutions has tailored its comprehensive package of credit-card processing services specifically to meet all of your marina needs. They offer a wide range of products, at no cost to you, to make your business more efficient and more profitable. In addition to Transaction Solutions saving our members significantly each month by lowering credit card processing fees, Transaction Solutions gives a portion of the proceeds back to the Association of Marina Industries for the benefit of the association and our members.

Don't miss out on this opportunity to partner with Transaction Solutions! I urge you to contact Matt Fair at Transaction Solutions to take advantage of this unique program, which again, guarantees savings to all members. You can contact Matt directly at 850-232-5125 or by email, mfair@tspay.com. Matt is available to discuss any and all questions you may have to provide a complete solution for your business needs.

Sincerely,

Jim Frye, CMM
AMI President and Chair
